

Teacher Farewells

**“I am of the opinion that my life belongs to the community, and as long as I live it is my privilege to do for it whatever I can.”
-George Bernard Shaw**

Seniors, I strongly share this opinion. I urge you to go out and create community; be it with your dorm-floor mates, fraternity brothers, sorority sisters, club members, team members, study group members, youth group members or fellow employees. For through community you will discover the strength to overcome adversity and the delight of collective accomplishment.

Mrs. Sadler

Thank you for your hard work this year and for making my first year back at LBHS rewarding! For those of you continuing your schooling next year, I'd like to encourage you to get involved in your new school communities. It would be a shame to let a world of opportunities pass you by. For those who pursue other paths, maximize your personal potential and take pride in what you do. Best of luck!

Mr. Brusky

Congratulations to the Class of 2008! Your accomplishments at LBHS in your four years are the stuff of legend. In academics, athletics, and other extra-curricular activities you have set the bar high for the underclassmen to achieve. May your successes and accomplishments continue throughout your life.

Mr. McGuire

A los míos, los que van a graduarse les felicito y les digo bye! A los insolentes les digo que recuerden mi nombre cuando les ocurra lo inevitable. A todos que sepan que al abrir la boca y hablar en español allí estamos nosotros los profesores de español para siempre. A los hispanos que continúen sus estudios y que traten de mejorarse y que nunca se olviden de la grandeza de la cultura hispana. Sr. Ortiz el guero guapo you know it perfectamente bien Sr. Brown y Sr. Panduro.

Rod Ortiz

2008 is really great, especially the pythons. At college you'll be freshmen once again, but here you'll all be legends.

Take care,
Mr. Sogo

I bid a fond farewell to all my seniors, many of whom I have worked and played with for the past seven years! Thanks for helping create a momentum in the Performing Arts that resulted in this, your senior year--artistically the finest year in our history! All the best in the adventures and drama that awaits you! May you all end up with broken legs--happy, healthy, employed.

Mark Dressler

Dear Seniors,

You have accomplished a great deal as a class. I have greatly enjoyed getting to know you and be a part of your lives. Among other things, your class helped us to become a Distinguished School and a Blue Ribbon School. You dominated athletically and our performing arts accomplishments were off the charts. You are going in many directions after graduation due to your hard work and dedication. I look forward to shaking your hands at graduation and hearing about your accomplishments in the future. Good luck in all you do.

Dr. Austin

It has been a long journey filled with both challenges and successes. Experiences that each of you will carry with you for the rest of your life as you begin a new chapter in the world. Challenge yourself to set the bar higher and higher as you explore new beginnings and strive to achieve your personal goals in life. Good luck Class of '08.....It was great ride.

Robert Billinger

An ode to Ms. Winfield

By Nikolai Jerkunica
Reporter

Ms. Cara Winfield lives in Australia with her fiancé, where she enjoys the endless delights of exploring nature.

Raised in Laguna Beach,

she flew back from Australia in mid-March to substitute for Mrs. Merritt, who took time off teaching in order to nurture her baby.

As soon as she had her baby, Mrs. Merritt called upon Ms. Winfield to teach her physics classes.

“I jumped at the opportunity to teach at

the high school!” said Winfield.

She has proven to be a wonderful substitute teacher for physics. She graduated and received her teaching credential at UC Irvine, double majoring in chemistry and physics.

“I love teaching enough to fly all the way back from

my new home, Australia. I enjoy having a wonderful job with the added bonus of helping Mrs. Merritt. I missed teaching while I was in Australia during my hiatus teaching period,” said Winfield.

Señor Ortiz fondly remembers teaching her.

“I always knew she

would pass the AP Exam because was a good student,” said Ortiz.

Ms. Winfield also does a wonderful job teaching.

“Teaching is tough, but well worth the effort, and so rewarding,” said Winfield.

Various students enjoy her teaching methods.

“Miss Winfield is one

of the nicest teachers I've ever had, let alone a substitute. She also teaches just as well as Mrs. Merritt. We were lucky to have her teach on such short notice,” said Senior Brian Rosney.

Sadly, Mrs. Winfield's last day was Friday, May 30. We sincerely wish her all the best in Australia.
